Print Media

- Today, in this ultra modern world, the role of media and particularly Print Media has been augmenting day be day. Media has been serving as a vigilant watchdog of India.
- Print Media has helped Cyber Crime Awareness Society to spread more and more awareness among the people regarding their rights, duties and Cyber Crimes.
- Without the help of media it is very difficult for someone to serve the nation with their knowledge and skills. Cyber Crime Awareness Society always does this social cause of spreading awareness about cyber crimes and threats with the help of media.

Securing the Government Bodies

- We live in a world where network is increasing too frequently, from personal banking to government infrastructure.
- Protecting these networks is not just an option, it is the prior requirement as Cyber risk is now firmly at the top of the international agenda as high profile breaches raise fears that hack attacks and other security failures could endanger the global economy.

Importance of Cyber Security

- The internet has become the integral part of today's world.
- From communicating through instant messages and emails to banking, travelling, studying and shopping, internet has touched every aspect of life.
- As use of internet is increasing with high speed and confidential information is on internet now days, protecting important information has become necessity.

Seminars for Student

- He deliver seminar at schools and colleges to spread awareness regarding Cyber Crime.
- These seminars are fully loaded with necessary information about what is cyber crime and how to safeguard yourself from being a victim of cyber crime.
- His seminars are fully interactive and helpful for students.
- In these seminars students and faculty both get to know the possible threats that can happen with them in future.
